

Have you been contacted by email by Verian (formerly Kantar Public)?

How can I prevent further contact or make a complaint?

There should be an opt out link or email address contained within the email invitation for you to contact us with any queries. If there is no link or email address supplied, or if you are continuing to receive unwanted emails from us, please contact UK-Compliance@veriangroup.com providing a copy of the email invitation you received.

How can I contact you with a query about the survey I'm completing?

There should be a Help Link within the email invitation or survey on the screen for any FAQs and contact details about the specific survey you have been asked to complete.
